

CAPRICE CAPITAL PARTNERS

ABOUT US

Founded in 2019, Caprice Capital Partners (“Caprice”) is a Los Angeles-based, relationship-driven private investment firm focused on providing tailored senior secured debt and non-control equity solutions to support middle market companies' buyout, growth and recapitalization initiatives.

Caprice is most effective with shareholders and management teams that are seeking true partnership and better alignment from their non-control capital partners, particularly given the strategic nature and often complex and time-constrained circumstances of the transaction.

Caprice is industry agnostic and situation specific, often providing solutions to companies at or near an inflexion point. Caprice tends to be the sole lender providing a capital solution between \$5 - \$50 million and to companies with at least \$3 million of EBITDA.
